Sleep brought me no rest for it was a resiless sleep. The doctor said my nervous system was out of order but his prescriptions didn't seem to relieve me. I was told that Peruns was good for building up the nervous system. After using it for two months I know now that it is. I want to say that it made a new woman of me. The torturing symptoms have all disappeared and I feel myself again. Peruna did me more good than all the other medicines I have taken."-Annie Hoban.

In cases of catarrh of the system there is nothing which will cure any quicker, and as a remedy for wormout women it is superior to any-

thing I know. "It restores a mother after severe childbirth, and prevents pains and irregularities in a very short time. Thave found it of much value both as a preventative of colds and as a tonic when I have been feeling badly, and although I never give a testimonial for anything, I make an exception in favor of Peruna, as I consider it of exceptional value."-Mrs. M. Van Vrancken.
